

Website Updates for the Spring Term

The Pathways to Independence department has continued to enjoy success in their Employability programme. Each class undertook their own enterprise for the Spring term:

Ms. Hadfield's class ran a Candle Making Enterprise with the help and support of Ms. Kelly and Ms. Goodall.

They made their own candles to sell as gifts for Valentine's Day, Mother's day and Easter.

Ms. Benson's class set up a Dog Biscuit Enterprise. They made dog biscuits to order and sold them to staff members as a treat for their beloved canine friends.

Keeping with the theme of animals, they set up an Easter Chick Enterprise for which they made and sold novelty flannel Easter bunnies with Cadbury's cream eggs.

Mr. Gardiner's class continued with their tuck shop enterprise after rebranding to 'Boost and Go'. They expanded the variety of goodies they offer, and became mobile around the campus with a trolley.

They have been selling chocolate bars, cereal bars, crisps and drinks on Monday, Tuesday and Thursday lunchtimes.
